Experience

Gestalt Head of Design

At Gestalt, I lead design across product and marketing. After years shaping the product as a contractor, I joined full time in October 2024 to help push the company toward its \$3M ARR goal. I continue to guide UX for our core SaaS product while expanding into brand and marketing work, from booth experiences and collectible swag to videos, demos, and decks. My role mixes hands-on design with creative direction, helping Gestalt stand out in fintech

November 2024 – Present

Teladoc Health Senior Product Designer

Focused on enhancing Chronic Condition Management. Led cross-functional collaborations and improved team efficiency by developing internal Figma plugins, tools, and documentation. My work showcased expertise in user-centric healthcare solutions and scaling design impact.

July 2021 – November 2024

Theorem Principal Product Designer

As Principal Product Designer, I led end-to-end design for Apple products, driving successful global launches. Promoted in 2021, I amplified Theorem's design team while maintaining a pivotal role with Apple.

July 2018 – July 2021

Idea42 Creative Director & UX/UI Designer

February 2016 – July 2018

Steadfast Creative UI Designer

(Contracted) August 2015 – July 2016

Misc. design related roles Graphic / UI Designer

September 2012 – February 2016

Education

Olivet Nazarene University B.S. Graphic Arts

Graduated Spring 2014
